

Fayetteville in Office Dental Assistant School

 Brenda Zellner
Administrator/Instructor
479-445-3493

* Get your application in as soon as possible to reserve a class time.

Program Cost

Cost of the program is \$2,700 which will include tuition, lab cost, material fees, study materials and the cost of preparing you for the state radiology and polishing certificate tests. This is an extremely competitive price considering the amount of materials, equipment and supplies available to you in the actual dental office you will be training in. We will help you arrange for CPR training which is a separate fee.

*A registration fee of \$100 is non-refundable.
